The Freedom Project

The first book in the The Freedom Project series is all about Travel, and quickly became a #1 Amazon best seller. The book shows a new approach to travel as a lifestyle. Travel has countless benefits to all areas of life, and they are available to everyone. This book is the liberating blueprint for finding freedom and happiness in your traveling life.

The second book, “Happiness”, shares how Travel is an appetizer of true freedom. Too often, I used travel as an escape from a life I didn’t even like in the first place. When travelling, I felt less confined by time, money or location. I could do whatever I wanted, I could spend some extra cash I had saved up, and go wherever I wanted to go. Yet after coming home my stress levels quickly spiked back to where they were before I had left. Instead of tacky souvenirs, I wanted to take that experience of freedom home with me. I became passionate about implementing my “traveling lifestyle” right at home, reconnect with my passions and live a meaningful life.

Warning! This is really a book about work. Which for a lot of people doesn’t equate to happiness. That’s why this book is an unusual book about work. And that’s why you’ll want a copy of it – because in the end, everybody wants happiness.

Sharing
the desire
to just fly

WILKO VAN DE KAMP is a #1 international best selling author, award-winning photographic artist, and professional world traveler. His inspiration comes from traveling all over the world. He calls the Canadian Rocky Mountains his "home", and the rest of the world his "office". He has been capturing our wonderful planet, and it's beautiful inhabitants, for more than half his life. Through his art, writing and appearances as a keynote speaker he enjoys sharing his colorful experiences with the public. Wilko has spent his life traveling the world to capture awe-inspiring images for those who wouldn't see them otherwise – and to inspire others to embark on their journey of a lifetime.
